## *Wes Chapman*

### *Associate Professor of English*

*Recipient of the Kemp Foundation Award for Teaching Excellence — 2010*

Professor Wes Chapman breaks new frontiers with his writing and teaching.

Dr. Chapman, who has been teaching at Illinois Wesleyan University since 1991, is known for his work with digital media, including publishing hypertext fiction – an area of creative writing in which stories may have multiple endings and every reader may follow a different path.

In addition to his work in digital media, his past scholarly work has addressed men and feminism, modernism, and postmodernism. His publications include the Flash poem “A Promise of Implied Mountains” in *Tattoo Highway* (2002), the hypertext fiction *Turning In* (1997), and articles that have appeared in publications such as *Postmodern Culture and Blake: An Illustrated Quarterly*. In 1998, he was selected to participate in a National Endowment for the Humanities Summer Seminar on “Literature in Transition: The Impact of Information Technologies.” Most recently Professor Chapman has begun work in the area of cognitive literary theory, teaching one of the few undergraduate courses in the nation in that field with his “Literary Minds” course in Fall 2009. He is currently at work on an article on the cognitive theory underlying Richard Powers’ *Galatea 2.2*.

A graduate of the University of Colorado with a bachelor’s degree in English literature in 1982, he earned a master’s degree and doctorate from Cornell University in 1987 and 1992, respectively. While teaching at Cornell, Dr. Chapman was awarded the Martin Sampson Award for Excellence in Teaching in 1987 and the Clark Distinguished Teaching Award in 1988.

During his time at Illinois Wesleyan, Dr. Chapman has dedicated himself to bringing the excitement of new possibilities to the classroom. In addition to his regular course offerings in practical criticism, poetry, literary theory, and modernism, he has developed innovative courses in Electronic Fiction; Human, Posthuman and Machine; Truth and Culture, team-taught with philosophy Professor Lenny Clapp; and the aforementioned Literary Minds. He has been a strong advocate for using technology in the humanities, and has led panel discussions and given presentations on computers in the classroom. Dr. Chapman has received several University grants, including the Artistic and Scholarly Development Grant in 1999. He was elected to the Phi Kappa Phi Honor Society in 2001.

Known for his continued commitment to the University, Dr. Chapman has served as the chair of CUPP and of the Hearing Committee, as convenor of the Teaching and Learning Technology Roundtable, and as a member of several other committees including the Strategic Planning and Steering Committee, Academic Appeals, Curriculum Council, Nominating Committee, the General Education Task Force, and the Task Force on 7 to 6. He was Writing Coordinator from 1996 to 1999, directing the Writing Center and providing faculty development workshops to support the writing program.

“He is a skilled teacher and mentor, a respected and valued colleague in all matters of the University, and a scholar who places himself at the cutting edge,” said Provost Beth Cunningham, noting Dr. Chapman is known as an effective and demanding teacher, always challenging his students. “He pushes his scholarly endeavors to the edge as he does his courses and his students.”

Excellence in teaching is a hallmark of Illinois Wesleyan. The Teaching Excellence Award was established to recognize this strength and to honor one faculty member at this occasion who brings spirit, passion and scholarship to the art of teaching. Today we honor Wes Chapman.
