Academic Colors and Regalia

The colors lining the academic hood designate the faculty, or department of learning, in which the degree was earned and also the college or university which awards it. Today's graduates of Illinois Wesleyan University will be wearing white for the College of Liberal Arts, pink for the School of Music, golden yellow for the sciences and brown for the fine arts. Faculty members in the processional may be wearing light blue for education, copper for economics, drab for business and accountancy, orange for engineering, purple for law, lemon for library science, green for medicine, apricot for nursing, dark blue for philosophy, sage green for physical sciences, cream for social sciences and scarlet for theology, among the many available. The colors are mandatory on hoods, but may also be used on the tassels and/or the velvet on doctoral gowns.

The university or college is usually identified by the color of the hood lining. Two colors are frequently used, since there are approximately 2,000 degree-granting institutions in the United States. Illinois Wesleyan's green and white was adopted in 1888; the liturgical colors are appropriate for this institution, with the green symbolic of growth and development and the white representing the purity of Christ.

The Illinois Wesleyan University Mace, first carried at the 1969 inauguration of Dr. Robert S. Eckley as 15th president of the University, is also a striking symbol of the institution. Made of bronze for power and endurance and of walnut for organic strength, its cupola represents the bell tower of Old North Hall, Wesleyan's first building, which was erected in 1856 and demolished in 1967 to make way for Sheean Library. The bell suggests the Hedding Bell, a campus landmark since 1931, when it was installed on the IWU campus after peeling for generations at Hedding College, now defunct. The staff of the Mace is made from the walnut of Old North Hall, and the names of Wesleyan's presidents are engraved on its bronze base.
