Editor’s Notes

First and foremost, I apologize for the excessive lateness of this prestigious document, but there are some things that fall out of the realm of human control.

With the obligatory apology out of the way I would like to extend my sincerest gratitude to the fine editorial and production staff. They did a wonderful job.

I hope you enjoy the following papers and essays submitted by your fellow students. I truly wish that all of the submissions could have been included, but alas, it was simply not meant to be. But a hearty thank you to all of you who did submit, it was a difficult decision. The editorial board ranked each submission on several criteria: clarity, style, analysis and logic, grammar and linguistics, and form and structure.
