part of. IWU changed my life. I see an IWU education as a force for good in this world. I want to do all I can to help others like me get access to it, in order to help make the world a better place. I want to help IWU be strong and attract the best students and professors. In my view, the involvement of engaged alumni is absolutely critical to making IWU the best it can be. I see my role on the Alumni Association Board of Directors as a "servant-leader" — our purpose is to show our fellow alumni how they can be engaged in a wide variety of ways to help IWU accomplish its mission. I want to do anything I can to ensure others have the opportunity to study at IWU and that the University is constantly improving and serving its students and alumni.
