The Ames Library
School of Music Convocation & Celebratory Competition

As a special way to welcome the Music Department into The Ames Library, the library faculty along with the Music faculty invited student composers to submit musical works celebrating the grand opening of The Ames Library.

The criteria for submission:

* Length of performance: 5—10 minutes
* Medium: Space limitations necessitate chamber music proportions (1-8 performers). While works incorporating contemporary technology are especially welcome, all musical styles and media are eligible.
* Submissions should include a personal statement by the composer explaining the inspiration or intent of the composition.
* Composers are responsible for the preparation of score and parts and for securing and rehearsal of performers for the inaugural concert.

The Ames Library is proud to present *Inspiration for Dedication. A String Quartet* composed by Dennis Breier, Class of 2004 and *The Meld* composed by Colin Brock, also Class of 2004.

---

**Introductory Pieces**

* Taivota (1949) Ray Harris (1898-1979)
