From the Desk of

JACK HORENBERGER

[REDACTED], Bloomington, IL 61701

Having now been retired for over 6 years and with my 75th birthday coming in May, I thought it was past time to thank so many of you for making my years as a student and 39 years as a coach so enjoyable at the University we all love and respect so much.

In doing so I hope to get you up to date on my family, on Wesleyan, but mainly notes on your classmates and others you knew or heard of by their reputation.

[REDACTED]

Past Presidents Lloyd Bertholf and Robert Eckley

are both living in Bloomington, are very active and doing well. And what a great job they did for all of us in pushing our academic reputation to new heights, as well as adding so many new buildings, and greatly increasing our endowment. Our campus is beautiful. You need to visit it to appreciate the changes. And I feel that Wayne Anderson will continue the trend. Our enrollment is now at the 1700 level.

The new pool will open in February with Don Larson eagerly looking forward to that as he will be in charge! Thanks to Elmer and Midge Beadles '35, '34 we have 4 new tennis courts just west of the pool and nicely landscaped. Bob Keck continues his top job as a Counselor, Track Coach, and Assistant Football Coach. Dennis Bridges has another topnotch basketball team that should make the NCAA playoffs and he is doing a fine job as Athletic Director. Dennis Martel will make us a good Baseball Coach; he is well organized, knowledgeable, and seems to be a good recruiter. Norm Cash, our new Football Coach, was a line man for Larson in the mid-70's. He recruited well in his first year - is a

most personable guy - and will be a fine addition to our staff. Pate Cagle is in his second year as a full time Trainer.

How enjoyable it was for me at Commencement last year to have five of my teammates return from the 1936 basketball squad - the only undefeated one in IWH history. They were Willard Benson, Paul Scott, and three from California - Jean Bedell, John Wallace, and Jim Walker.

It is nice to see Professor Emeritus William T. Beadles regularly as so many of us feel that he was the #1 Professor in Wesleyan history. For so many years he was considered tops in the country in the teaching of insurance.

Jack Sikma '77 is off to a great start and will be Milwaukee's leader in the NBA playoffs. He has played in either six or seven NBA All Star games - not bad!

Doug Rader '66 was the Chicago White Sox 3rd base coach the past 2 years. Prior to that he managed the Texas Rangers and as a player with the Houston Astros he was chosen the National League Golden Glove 3rd baseman five consecutive years.

Bobby Winbles '52 is the infield coach for the Montreal Expos after a career as Manager of both the California Angels and Oakland A's after having won three NCAA titles at Arizona State University.

Thanks to Bobby and Doug, I was able to coach two men who became Major League Managers.

Cal Neenan put in 5 years as a Major League catcher - mostly with the Cubs - What a basketballer he was!

Bob Morrow, our renowned NFL football player and IWW Coach is retired from State Farm in Winter Haven, Florida

This letter will contain notes on almost 1000 of you. Your graduation year may not coincide with how the Alumni office carries you. My thanks to that office for all of their secretarial help. If you want someone's address - contact the office

What a pleasure and privilege it was to work with Larson, Keck, and Bridges for so many years, but a special thanks to all of you for making those years so fruitful for me.

Be in good health

My best to all of you.

Jack Horenberger

From the Desk of
Jack Horenberger

██████████, Bloomington, IL 61701

Having now been retired for over 6 years and with my 75th birthday coming in May, I thought it was past time to thank so many of you for making my years as a student and 39 years as a coach so enjoyable at the University we all love and respect so much.

In doing so I hope to get you up to date on my family, on Wesleyan, but mainly notes on your classmates and others you knew or heard of by their reputation.

[REDACTED]

Past Presidents Lloyd Bertholf and Robert Eckley are both living in Bloomington, are very active and doing well. And what a great job they did for all of us in pushing our academic reputation to new heights, as well as adding so many new buildings, and greatly increasing our endowment. Our campus is beautiful. You need to visit it to appreciate the changes. And I feel that Wayne Anderson will continue the trend. Our enrollment is now at the 1,700 level.

The new pool will open in February with Don Larson eagerly looking forward to that as he will be in charge. Thanks to Elmer and Midge Beadles '35, '34 we have 4 new tennis courts just west of the pool and nicely landscaped. Bob Keck continues his top job as a Counselor, Track Coach, and assistant Football Coach. Dennie Bridges has another topnotch basketball team that should make the NCHH playoffs and he is doing a fine job as Athletic Director. Dennis Martel will [make us] a good Baseball Coach; he is well organized, knowledgeable, and seems to be a good recruiter. Norm Eash, our new Football Coach, was a lineman for Larson in the mid-70's. He recruited well in his first year – is a most personable guy – and will be a fine addition to our staff. [Pete Coyle] is in his second year as a fulltime trainer.

How enjoyable it was for me at Commencement last year to have five of my teammates return from the 1936 basketball squad – the only undefeated one in IWU history. They were Willard Benson, Paul Scott, and three from California – Jean Bedell, John Wallace, and Jim Walker.

It is nice to see Professor Emeritus William T. Beadles regularly as so many of us feel that he was the #1 Professor in Wesleyan history. For so many years he was considered top in the country in the teaching of insurance.

Jack Sikma '77 off to a great start and will be Milwaukee's leader in the NBH playoffs. He has played in either six or seven NBH all star games – not bad!
