**Robert Allen Skotheim**  
*Director, Huntington Library*

An educator, author and administrator, Dr. Skotheim, 57, was born in Seattle and was educated at the University of Washington, where he began his academic career in 1962. He joined the history faculty at Wayne State University in Detroit the following year and later became affiliated with the University of Colorado. He held visiting appointments at Washington, UCLA and the University of Denver. In 1972 he was named provost and dean of faculty, as well as professor of history, at Hobart and William Smith Colleges, Geneva, New York. From 1975 to 1988, Dr. Skotheim was president of Whitman College, Walla Walla, Washington.

Two years ago he accepted appointment as director of the Huntington Library in San Marino, California, where he directs one of the country's most prominent collections of early American books, manuscripts and art works, as well as such European masterpieces as Gainsborough's "Blue Boy."

Dr. Skotheim holds honorary degrees from Hobart and William Smith, Whitman, the College of Idaho, Willamette University and Occidental College. He is an honorary member of Phi Beta Kappa, held a Guggenheim Fellowship and has received several other fellowships and a teaching award.

He is an author, editor and a prolific reviewer of books relating to historical themes. For the past 15 years, Dr. Skotheim has held appointments on national higher education boards and committees such as Yale's National Humanities Institute, the American Association of Colleges and the American Council on Education. Currently he advises the Institute of Early American History and Culture, and serves on the boards of Whitman College and the College of Idaho.

### **Academic Colors and Regalia**

The colors lining the academic hood designate the faculty, or department of learning, in which the degree was earned and also the college or university which awards it. Today's graduates of Illinois Wesleyan University will be wearing white for the College of Liberal Arts, pink for the School of Music, golden yellow for the sciences and brown for the fine arts. Faculty members in the processional may be wearing light blue for education, copper for economics, drab for business and accountancy, orange for engineering, purple for law, lemon for library science, green for medicine, apricot for nursing, dark blue for philosophy, sage green for physical sciences, cream for social sciences and scarlet for theology, among the many available. The colors are mandatory on hoods, but may also be used on the tassels and/or the velvet on doctoral gowns.

The university or college is usually identified by the color of the hood lining. Two colors are frequently used, since there are approximately 2,000 degree-granting institutions in the United States. Illinois Wesleyan's green and white was adopted in 1888. The liturgical colors are appropriate for this institution, with the green symbolic of growth and development and the white representing the purity of Christ.

The Illinois Wesleyan University Mace, first carried at the 1969 inauguration of Dr. Robert S. Eckley as 15th president of the University, is also a striking symbol of the institution. Made of bronze for power and endurance and of walnut for organic strength, its cupola represents the bell tower of Old North Hall, Wesleyan's first building, which was erected in 1865 and demolished in 1967 to make way for Sheean Library. The bell suggests the Hedding Bell, a campus landmark since 1931, when it was installed on the IWU campus after peeling for generations at Hedding College, now defunct. The staff of the Mace is made from the walnut of Old North Hall, and the names of Wesleyan's presidents are engraved on its bronze base.
