Summer Term Courses Offered to Students, Alumni, Community

March 1, 2022

BLOOMINGTON, Ill. – Anyone interested in broadening their education or deepening their connection with Illinois Wesleyan University is invited to enroll in 2022 Summer Term courses.

Available in June and July, select courses are open to current Illinois Wesleyan students, alumni, current high school juniors and seniors and community members.

Brush up on language skills with an Elementary Spanish course, advocate for change with the Civil Rights and Social Justice course or boost problem-solving with Introduction to Computer and Data Sciences.

All 17 courses are taught by Illinois Wesleyan faculty and are provided in an online format. Most courses are synchronous, meaning all students log in together at scheduled times. Some courses will be offered in a HyFlex format, meaning students can fully participate either in-person or remotely and switch modes as needed.

“With a focus on engaging, online instruction, the Summer Term not only allows current college students to make progress on their degrees from any location, but also allows alumni to reconnect with their alma mater and prospective students to sample an Illinois Wesleyan education,” said Associate Provost Becky Roesner, who helps organize Summer Term.

For more information about Summer Term, including course descriptions and a registration link, visit www.iwu.edu/summer-term/.
