# HONORS DAY CONVOCAATION

April 13, 2005

Westbrook Auditorium–Presser Hall  
11:00 a.m.

*Christopher Prendergast*  
*Professor of Sociology*

Recipient of *The Pantagraph* Award  
for Teaching Excellence – 2005

A native of Brooklyn, N.Y., Christopher Prendergast received his bachelor's degree in sociology from Brooklyn College of The City University of New York and went to work for the New York City Housing Authority. His career as a housing assistant was, he has said, both brief and frustrating.

From Brooklyn, he traveled to Carbondale, Ill., to begin graduate studies in social theory at Southern Illinois University. He received his master's degree in 1974 and his Ph.D. in 1979, writing a dissertation entitled "Phenomenology and the Problem of Foundations: A Critique of Edmund Hasserl's Theory of Science."

Prendergast joined the faculty at the University of Evansville as assistant professor in 1979 and taught there until 1985 when he joined the Illinois Wesleyan faculty.

Prendergast was promoted to full professor at Illinois Wesleyan in 1997 and served as chair of the University's Department of Sociology and Anthropology from 1995 to 2002.

Prendergast's research interests are both classical and contemporary sociological theory, philosophy of science, urban sociology, and social organization and stratification. He teaches introductory sociology as well as courses in the History of Social Thought, Social Organization, and Community and Urban Society. He has also taught courses in first-year and upper-level writing.

Active in statewide, regional and national associations, Prendergast has recently completed a term as president of the prestigious Midwest Sociological Society. He has also been president of the Illinois Sociological Association and has served on several committees of the American Sociological Society.

Prendergast is the author of dozens of scholarly works, which explore such diverse topics as the socioeconomic theories of Alfred Schultz, or why African-Americans pay more for new automobiles, or why CEOs in American society receive the amount of pay that they do.

For his dedication to the ideals and philosophy of higher education and the liberal arts, Professor Christopher Prendergast is recognized with the University's highest teaching honor.
